Universal Water-Repellent Treatment (Solvent-based)

The invisible protection that keeps your surfaces looking new.

The **XSTONE T3.02** treatment is the ideal solution for long-lasting protection of all absorbent surfaces, both indoors and outdoors, without altering their natural appearance. Thanks to its solvent-based formula, it ensures complete water repellency to prevent damage and blemishes.

PIETRE DI RAPOLANO STONE®
MADE IN TUSCANY

Main Features and Benefits

- **Guaranteed Natural Effect:** Its main feature is that it **does not change the color of the surface** and leaves no visible residues, maintaining the original appearance and a pleasant natural effect.
- **Maximum Protection:** Fully absorbent water repellent, **prevents the formation of absorption stains** (such as oil, grease, etc.) and limits issues caused by rain, humidity, and the formation of mold or algae.
- **Long-lasting:** Does not yellow over time, ensuring effective and invisible long-term protection.
- **Universal Application:** Suitable for **all surfaces** and finishes, and is easy to apply.

Fields of Application and Materials T3.02 is suitable for use on a wide range of absorbent materials, including:

- **Materials:** Marbles, Granites, Natural Stones, Concrete, Terracotta, Bricks, and Tuff Stones.
- **Areas:** Flooring, Stairs, Cladding, Facades, Thresholds, and Platforms.

Simple and Quick Usage

1. **Preparation:** Shake before use. The surface must be clean and dry.
2. **Application:** Apply T3.02 evenly with a **cross-stroke brush** or a **low-pressure sprayer**.
3. **Yield:** Based on absorption, apply **2 consecutive coats**.
4. **Indicative Yield:** 1 Liter covers approximately 5-6 m².

⚠ Important Warnings

- Apply at an ambient temperature between 10° and 20°.
- **Caution:** The product **does not protect against acidic substances**.

Dimensioni

30 × 10 × 10 cm

Peso
