PIETRE DI RAPOLANO STONE®
MADE IN TUSCANY

Cross-cut travertine “Autunno”

This selection of Rapolano Stone has **the colours of the autumn countryside**, from which it gets its name. The pieces have a beige background and come in colours ranging from **light beige to brown**, with some **reddish** hints.

It has a **pebble** finish. The material is antiqued by running it through tumblers. If it is used for **floors**, it can also be provided in a thickness of 3 cm. If used in a smaller format, such as 20×40 cm, the material is suitable for surfaces for vehicular use.

Given its technical features, our selection of Autunno travertine is **specifically for outdoor use**.

Consult the technical information to see the various possible combinations of formats that are available.

Dimensions

N/A
