

Alcohol-based treatment for travertine “NASS”

NASS is an **alcohol-based water/oil repellent treatment**. It tends to enhance the colors of the stone on which it is applied.

With a one-liter bottle, you can treat **18/20 sq m of surface** in travertine.

Apply with a pad, brush, or wax spreader; it is absolutely necessary that the surface is clean and dry.

Dimensions

10 × 10 × 30 cm

Weight

1,5 kg
