

White Alba Marble Tiles 7.5x15x1" Glossy

BIANCO ALBA 7.5x15x1 consists of small tiles, almost like mosaic pieces, measuring 7.5x15 cm, ideal for defining classic yet sophisticated spaces.

This product, due to its shape, size, and material, will give the spaces where it is used a warm, classic, and elegant look.

It is particularly suitable for covering the area under cabinets in a **kitchen** or a **shower**, as well as creating inserts or bands in a floor/wall covering made with the same material in a larger format.

An interesting variant of this product is the option to have individual tiles "**beveled**", with the edges of each small tile cut diagonally.

- Glossy finish
- Easy to clean.
- Ideal also in combination with tiles
- Each box of this mosaic contains 80 pieces, equivalent to 0.9 m²

Dimensions

40 × 40 × 20 cm

Weight

25 kg

Finish

Glossy
