

Crosscut Travertine “Zebra Silver Ocean”

This selection of Rapolano travertine called **Zebra Silver** represents a color choice of crosscut material, extracted from the white background quarry selecting pieces with **silver gray veins**, from the same quarry as **Zebra Silver Grey** travertine.

Its typical gray, silver, and beige veins make it unique in the world: for this reason, silver travertine is chosen for many prestigious projects.

It can be supplied, for special projects, with “recurring vein”.

- Easy to clean.
- Features color variations and veins

Consult the technical information to see the various possible combinations of formats and surface finishes available.
