

Designer travertine washbasin “Cave”

Design by [Niccolò Raffaelli](#).

The designer created this travertine washbasin for us. It features two storage compartments carved out of the stone for towels or soaps and hygiene products.

The refined design has soft lines that emphasize the light shades of the natural stone.

Designed to be hung on the wall, it can also be placed on the countertop.

- The drain is the standard size

Please Note: The drain is not included in the price.
