

Travertine Sink “Double”

Add style and elegance to your kitchen with our Double sink, ideal for both **masonry kitchens** and semi-recessed installation in wooden kitchens. Often, our customers mount it with the travertine countertop resting on the sink, allowing the rounded parts to protrude to enhance the installation.

Rectangular sink in **classic beige travertine**, kitchen sink with double basin carved directly into the stone: the **rounded shapes** of this stone sink evoke rustic Tuscan kitchens.

- The faucet can be installed either on the countertop or on the wall.
- The drain hole is standard size.
- Easy to clean.

NB: The faucet and drain are not included in the price.
