

Freestanding sink in travertine “Cono SC”

Sink with simple and clean lines, made from two blocks of dark walnut travertine, suitable for giving the bathroom a contemporary look: often installed with a crystal between the sink and the base to create a countertop.

The conical-shaped sink rests directly on the ground, freestanding, with standard wall drainage. With the same simple lines, we have the solid “Cono” tub, to give your bathroom a unique and exclusive design.

- The drain hole is standard size.
- The faucet must be wall-mounted

Note: Faucet and drain not included in the price.
