

Minimal travertine washbasin “Breve”

Large washbasin in light beige travertine with a rectangular shape made out of a single block of stone.

Its design is very minimal and also suited for bars and restaurants.

It can be attached to the wall with metal brackets or set on short walls or a countertop. It's available in two versions, with 1 tap hole or 2 tap holes. This washbasin was designed to be used in large bathrooms. It has two holes for taps and is thus suited to large families since two people can use it at the same time.

- The drain is the standard size

Please Note: The fittings and drain are not included in the price.
