

Round basalt washbasin “Enterprise BS”

Circular countertop washbasin with a minimal design to highlight the material used to create it.

Black basalt is a very resistant material of volcanic origin. The black colour combines with a design element so this washbasin can be also installed in bathrooms with ceramic and porcelain tiles.

- The fittings can be installed on either the surface or the wall
- The drain is the standard size

Please Note: The fittings and drain are not included in the price.

Dimensions

45 × 10 cm

Weight

20 kg
