

Rustic travertine sink “Pilozzo”

Classic travertine countertop sink. Its rustic appearance is achieved by chiseling and hollowing out a stone block: the chisel marks are evident on the outer surface of the sink, defining its final image.

The handcrafted surface treatment gives this sink a unique look for “Country” furnishings and has made it one of the best-selling items in our catalog. Available in two versions, small and large. The Large Pilozzo model can also be installed outdoors in a garden, terrace, or balcony.

- The faucet can be installed either on the countertop or on the wall.
- The drain hole is standard size.

Note: Faucet and drain not included in the price.
