

Marble tiles “Bianco Alba 7.5x15x1” Glossy / Diamond-Cut

BIANCO ALBA 7.5x15x1 consists of small tiles, almost like mosaic pieces, measuring **7.5 x 15 cm** with beveled edges, ideal for defining classic yet sophisticated spaces.

The individual pieces are “**beveled**”, meaning each small tile has diagonally cut edges.

This detail adds weight and significance to each piece, allowing for particularly distinctive coverings.

It is particularly suitable for covering the area under cabinets in a **kitchen** or a **shower**, as well as creating inserts or bands in a floor/wall covering made with the same material in a larger format.

- Glossy finish
- Easy to clean.
- Ideal also in combination with tiles
- Each box of this mosaic contains 40 pieces, equivalent to 0.45 M²

Dimensions

40 × 20 × 20 cm

Weight

15 kg

Finish

Glossy
