

Travertine bathtub “Paris”

Not just a **bathtub** but also a true design element.

Starting with block of stone weighing over 1500 kg, our craftsmen create this bathtub with the help of modern tools, but always relying on manual skill for the final finish. Bring a “monumental” piece into your home.

Our “Paris” model, with its **linear shape** and **simple and elegant design**, combines simplicity and tradition.

Dimensions
