

Travertine Bathtub “Paris”

Not just a **bathtub**, but a true piece of furniture.

Our artisans, starting from a stone block weighing over 1500 kg, shape this bathtub with the help of modern tools while always relying on manual skill for every final touch: bring a “monumental” piece into your home.

Our “Paris” model, with its **linear shape** and **simple** and elegant design, combines simplicity and tradition.
