

Travertine in slab “Light Earth”

The travertine **Light Earth** is a color selection extracted from the quarry with a beige background, choosing veined and spotted pieces, with a predominance of **light background**. It is one of the most typical colors of Rapolano Stone, along with **Dark Veined** (PDR008).

Thanks to the characteristic veins and cloudiness of this material, it is possible to obtain floors and coverings with a unique and unmistakable style.

- Easy to clean.
- Features color variations and veins

Consult the technical information to see the various possible combinations of formats and surface finishes available.
