

Travertine mosaic “2.5×2.5 Light Blend” Polished

The **polished and smooth surface** of the light travertine tiles used to make this mosaic is ideal for **elegant environments** with clean lines. This mosaic is generally used for walls on **curved surfaces** as well, since it is pre-assembled on mesh, which facilitates installation.

The light beige shades of the travertine make it part of the colour selection we call Light Blend. Many kitchen and bath washbasins, along with floor and wall tiles, are available in this selection.

- Easy to clean
- Only 10mm thick, which means it can also be used along with ceramic tiles
- Each box of mosaics includes 10 sheets equal to 0.93 m²
