Travertine mosaic “2.5×5.0 Tuscany Mix” Polished

The beauty of **natural stone** also lies in the **infinite color shades** available. For this travertine mosaic, we chose to use a blend of tones we call “Tuscany Mix.” The tiles are rectangular, measuring 25 x 50 mm.

The Rural open-pore finish enhances the stone’s colors, which, when used as decoration, accentuates the environment where it is installed.

The tiles are glued by our artisans onto mesh sheets, allowing us to provide a pre-assembled mosaic where the tiles interlock with each other.

- Easy to clean thanks to the polished finish
- Thickness of only 10 mm, allowing use alongside ceramic tiles
- Each box of this mosaic contains 10 sheets equal to 0.93 m²
