

Travertine mosaic “Strips Tuscany Mix” Modern

Mosaic with **strips of travertine** of various sizes combined to create an “antique” surface. These strips are chosen in various shades of travertine so they are assembled on mesh to facilitate installation.

They are provided in sheets of 45.5×30.5 cm with a thickness of 1.2 cm, perfect for pairing with our travertine tiles, available in many selections and colours.

The idea for our mosaic came from our architects during the setup for a fair. The goal is to make the **natural colours** of our travertine stand out by mixing them together and this is how architect Lorenzo Polvani came up with a **new design concept**, a mix of colours and shapes that combine to create a unique surface with an antique yet modern flavour.
