

Travertine Mosaic “Strips Tuscany Mix” Modern

Mosaic with **travertine strips** of various sizes combined to form an “antique” surface. These strips are selected in various shades of travertine and then assembled on a mesh for easy installation.

Supplied in sheets of 45.5×30.5 cm with a thickness of 1.2 cm: perfect for use in combination with our travertine tiles, available in many selections and colors.

The idea for this mosaic was born from our architects during the setup of a fair. The goal was to highlight the **natural colors** of our travertines by mixing them together, and thus architect Lorenzo Polvani conceived a **new design concept**: a mix of colors and shapes that come together creating a unique surface, with an ancient and modern flavor at the same time.

- Easy to clean.
- Ideal also in combination with Pietre di Rapolano tiles
- Each box of this mosaic contains 5 sheets equal to 0.70 m²
